

Dear Parents,

My team and I are excited about the prospect of your child attending this year's weeklong Summer Camp. In my 15 years of Children's Ministry, I have found no better catalyst than Children's Camp to stir spiritual revival and awakening in the lives of children (*and their counselors*). While at camp, your child will join the CentriKid Camp Counselor, our Children's Ministry leaders and their fellow campers as we all celebrate our **BIG God** who provides in a **BIG way** at CentriKid 2011: **Shipwreck Island... where God provides!** I can't encourage you enough to make this opportunity a reality in the life of your child. It will be such a thrill for them and the beginning of a yearly tradition they will never...ever...forget! I know many, many people who are adults now that went to camp as a child and they *still* talk about their camping memories!

As far as the camp location, we are heading to the beautiful campus of **Anderson University**. It is located in Anderson S.C. which is approximately 116 miles from Snellville. The camp is administered by the CentriKid Camps organization, which is a division of the Lifeway Christian Resources Organization. The campus will be the scene of many fun-filled days and God-centered worship experiences as the CentriKid staff and our leaders lead our kids through the life of Paul and the many times God provided for his needs, just as He will provide for our needs in our lives today.

Our plans are to leave **Monday, June 20** at **10:30 a.m.** from ARBC and return on **Friday, June 24** at approximately **12:45 p.m.** While we're away our primary focus will be making this a spiritual retreat for your child. We will have trained and dedicated staffers from CentriKid and volunteers from ARBC who will guide your child through a life-changing encounter with Jesus packed snugly inside a fun-filled, relaxing and unforgettable week! I hope your child can join us!

For Our Children,
Will Wright
Director of Preschool and Children's Ministry
